

JOB POSTING

Two (2) Position: Core Cutter

Location: Marathon, Ontario

Job Type: Contract

Length: June 12-August 6th

Remuneration: \$160/day

Description:

Two core cutters to support the 2017 drill program, working on the Coldwell Exploration Project in Marathon, Ontario. The contract positions through Clark's Exploration is expected to begin on June 12th and end August 6th; however, it will be dependent upon efficiency of the drill program. This position is based indoors at the Stillwater Canada Inc (SCI) core facility, with daily activities focused around moving core, processing core and arranging shipments. This position requires attention to detail while conducting repetitive work. A safe work environment is a priority for SCI; therefore all health and safety procedures must be followed and maintained. The work schedule will be 1 week on and 1 week off.

Key Responsibilities:

- Work in a safe manner and comply with SCI safety procedures
- Maintaining a cleaning working environment/equipment
- Moving drillcore to storage
- Processing drillcore by splitting, tagging, bagging and labeling
- Follow and maintain all quality controls
- Organized shipments of processed core to Thunder Bay

Qualifications:

- Excellent organization skills
- Excellent numerical and patterning skills
- Fit to work, can stand for long periods of time, conducted repetitive work and lift up to 60lbs
- Standard First Aid training

Deadline for application is Friday, February 17th at 12:00pm. Please do one of the following: email, mail, fax, or drop off in person, a brief cover letter and resume outlining your qualifications. Qualified candidates will be contacted for interviews that will occur in April 2017.
