**To learn more and apply visit:
www.HydroOne.com/ApplyWIE**

The One Awards acknowledge and share the ingenuity of our employees and the potential of aspiring professionals to the joint benefit of Hydro One and the people of Ontario.

We are looking for outstanding students who demonstrate the traits that make us the innovative, diverse organization we are.

With this belief in mind, each year Hydro One has the distinct honour of recognizing outstanding students for three awards:

Women in Engineering Scholarship

Leonard S. (Tony) Mandamin Scholarship Award

William Peyton Hubbard Memorial Award

Women In Engineering Scholarship

Established in 2014, and building on Hydro One's history of supporting women in disciplines where they are underrepresented, the Hydro One Women In Engineering Scholarship provides female engineering students with opportunities to develop satisfying careers in the areas of electrical engineering. This scholarship was introduced to augment Hydro One's support initiatives through the College Consortium, the Women in Engineering University Partnership and Hydro One's continuing sponsorship of Go ENG Girl, a program that gives young girls and their parents the opportunity to visit and learn from female professionals, academic and university students about engineering. Deadline to apply is: October 2, 2016.

SCHOLARSHIP VALUE

- 15 Scholarships of \$5,000 each are available for women studying engineering at the undergraduate level in accredited Ontario universities.
- Women receiving a scholarship will also have the opportunity to engage in a paid developmental work term with Hydro One.

Scholarship Value: \$5,000
Application Deadline: October 2

Leonardo S. (Tony) Mandamin Scholarship

Hydro One supports First Nations, Métis and Inuit students who are pursuing education and careers within the electricity sector. In 2011, Hydro One established the First Nations, Métis and Inuit Scholarship which was renamed the Leonard S. (Tony) Mandamin Scholarship in 2014. The scholarship is granted annually to students studying electricity industry related disciplines at a recognized university or community college. Scholarship recipients also have the opportunity to apply for a paid developmental work term with Hydro One. Deadline to apply is: October 2, 2016.

SCHOLARSHIP VALUE

- Up to 15 scholarships are available annually to First Nations, Métis and Inuit students attending an Ontario university or college in/or out of province.
- The scholarship value is \$5,000 for both college and university students
- Opportunity to apply to a paid developmental work term with Hydro One

Scholarship Value: \$5,000
Application Deadline: October 2

William Peyton Hubbard Award

Hydro One supports black students through scholarships honouring the achievements of William Peyton Hubbard. These two academic awards are granted annually to black students (where possible, one woman and one man) studying power industry related disciplines at a recognized Ontario university or community college. The recipients will also be offered the opportunity to apply for a work term at Hydro One. Deadline to apply is: October 2, 2016.

SCHOLARSHIP VALUE

- Two awards are available annually to black students attending an Ontario university or college.
- The Award value is \$5,000 for a university or college recipient.
