

June 5, 2023

Harquail School of Earth Sciences at Laurentian University is a recognized leader in mineral exploration research and is among the top Canadian universities in research funding. Our undergraduate program is highly successful and our graduates are actively recruited by employers for summer jobs and after graduation.

The Mineral Exploration Research Centre (MERC), which is a semi-autonomous research center at Laurentian University and comprises an internationally-recognized group of researchers from Harquail School of Earth Sciences and partners within academia, industry and government.

MERC, through its Metal Earth program, is offering scholarship of \$10,000/year for qualified Indigenous students to enroll in the geology undergraduate program. This scholarship is renewable for 4 years. Acceptance is competitive and up to 4 scholarships will be awarded.
